115x180 мм

The diagram shows a rectangular label with rounded corners. A central yellow rectangle represents the print area, outlined by a dashed red border. This yellow area is surrounded by a white margin, which is further enclosed by a dashed black border. The label is mounted on a white rectangular base with a small tab extending downwards from the bottom center.

115x180 мм

The diagram shows a rectangular label with rounded corners, identical in layout to the one on the left. It features a central yellow print area outlined by a dashed red border, surrounded by a white margin and a dashed black border. The label is mounted on a white rectangular base with a small tab extending downwards from the bottom center.
